

S4URCE

Clever **warehouse management** and
capitalisation solutions

Acquisition – Commission – Marketing

SOURCE

Three ways to reach your goal

The **quick**
Solution

Acquisition

You can bundle excess inventory into a general item that we will be happy to assess and value – purchasing it at a fair price in toto.

- › **free up warehouse capacity at once**
- › **obtain fresh capital immediately**

The **solid**
Solution

Commission

You provide us with your excess inventory and we store it ourselves.
A consignment agreement sets out the details and conditions.

- › **free up warehouse capacity at once**
- › **money earned if sold**

The **soft**
Solution

Marketing

Do you want to get rid of your excess inventory but not let it out of your hands? Here, 4Source acts as an intermediary between you and potential buyers.

- › **you retain the goods**
- › **money earned if sold**

Create space and optimise costs

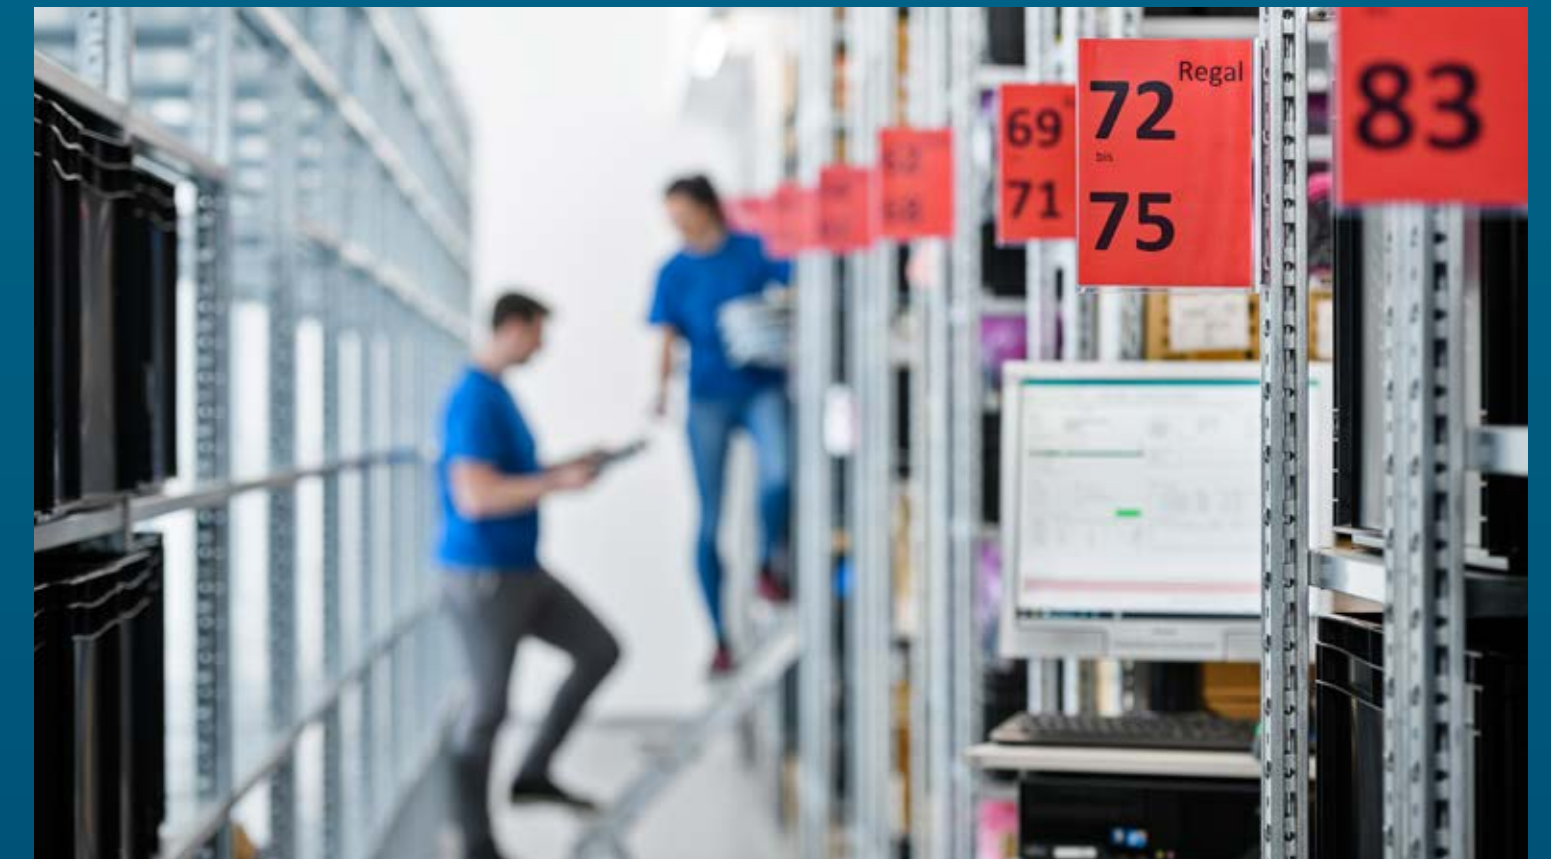

Current certifications

ISO 9001: Quality management

EN 9120: Aviation and space

ISO 14001: Environmental management

IEC 61340-5-1 (ANSI/ESD S20.20): ESD

› Comprehensive quality assurance and full transparency in all processes: this is the 4Source standard
