

# SOURCE

Clever **warehouse management** and  
capitalisation solutions

Acquisition – Commission – Marketing

# SOURCE

*4Source supports you  
in achieving realistic valuations of  
and selling  
electronic components!*

## Create space and optimise costs

---

The **quick** solution:

---

### Acquisition

You can bundle excess inventory into a general item that we will be happy to assess and value – purchasing it at a fair price in toto.

- › *free up warehouse capacity at once*
- › *obtain fresh capital immediately*

The **solid** solution:

---

### Commission

You provide us with your vacant excess inventory and we store it ourselves. A consignment agreement sets out the details and conditions.

- › *free up warehouse capacity at once*
- › *money earned if sold*

The **soft** solution:

---

### Marketing

Do you want to get rid of your excess inventory but not let it out of your hands? Here, 4Source acts as an intermediary between you and potential buyers.

- › *you retain the goods*
- › *money earned if sold*

## Certifications

ISO 9001: Quality Management

EN 9120: Aerospace

ISO 14001: Environmental Management

› Comprehensive quality assurance and full transparency in all processes: this is the 4Source standard
